The MX-M266N is a well-balanced black & white A3 digital multifunction system that brings power, performance and productivity to small office/workgroup environments with print speeds of up to 26 pages per minute (ppm).

This MFP has been designed with total efficiency in mind. It has a full colour 7.0 inch LCD control panel that offers handy thumbnail and previews (if the optional Hard Disk Expansion is installed). In addition to high quality network printing and copying functions the MX-M266N has a 100-sheet document feeder (RSPF) that lets users network scan single sided, full colour documents as quickly as 56 impressions per minute (ipm), and a built-in stackless duplex module allows them to easily print on both sides of the paper. Plus a wide range of options can be added to ensure that users can have the necessary features to meet their needs such as additional paper capacity, fax capabilities and finishing options.

The MX-M266N has several features that help them comply with various environmental regulations, including a fast warm up time and an Auto Power Shut off mode. And regarding security, it has a Data Initialisation feature and data encryption/data erasure (if the optional Hard Disk Expansion Kit is installed) as well as an optional Data Security Kit.

With a compact footprint and a stylish design, the MX-M266N will blend perfectly into the most modern of office environments.
